JOURNAL OF
TRANSPORT
ECONOMICS AND POLICY

Volume X
1976

Managing Editor: M. E. Beesley
Editors: B. T. Bayliss and K. M. Gwilliam

Published three times a year by
The London School of Economics and Political Science,
Houghton Street, Aldwych, London WC2A 2AE,
and the University of Bath

INDEX TO VOLUME X

Accidents
Deaths from road accidents in the United States. An econometric analysis, by R. K. Koshal 219
"Advanced urban transport", by Ian Black and others. Book note 196
Ahmed, Yusuf, and others: "Road investment programming for developing countries: an Indonesian example". Book note. 289
Air Transport
Price elasticity of demand for air travel. Some new evidence, by J. M. Jung and E. T. Fujii 257
Roskill Commission on the Third London Airport—Date of discounting in cost-benefit studies 264
User taxes and allocations of United States airport and airway system costs, by Paul F. Dienemann and Armando M. Lago 26
Anand, Sudhir: The Little-Mirrlees appraisal of a highway project in Malaysia 199

Baggaley, D. A.: Computing passenger miles in London Transport 87
"Better towns with less traffic". OECD Conference. Book note 287
Black, Ian, and others: "Advanced urban transport." Book note 196
Books received 196, 289
British ports—large container ships 137
Bruton, Michael J.: "Introduction to transport planning". Book note 196
"Bus and coach industry: its economics and organisation", by John Hibbs. Book note 288
Buses
Buses and coaches—replacement 162
Computing passenger miles in London Transport, by D. A. Baggaley 87
Demand for urban bus transit. A route-by-route analysis, by Roger W. Schmenner 68
Effect of the bus grant on urban transport. A comment, by J. B. Naylor 90
Replacement of road transport vehicles, by C. A. Nash 150
Urban express bus and railroad performance, by D. N. Dewees 16

Canada
Effect of a subway on the spatial distribution of population, by Gordon W. Davies 126
Urban express bus and railroad performance. Some Toronto simulations, by D. N. Dewees 16
Cargo—*see* Freight
Cars—Peak load pricing and the Channel Tunnel, by Stephen Glaister 99
Champernowne, A. F., Williams, H. C. W. L., and Coelho, J. D.: Some comments on urban travel demand analysis, model calibration and the economic evaluation of transport plans 267
Channel Tunnel, Peak load pricing and, by Stephen Glaister 99
Charging Systems
Fare systems in London Transport 87
Infrastructure pricing and the E.E.C. common transport policy, by A. Jennings 177
Peak load pricing and the Channel Tunnel, by Stephen Glaister 99
Structure of liner freight rates. A comparative route study, by D. Shneerson 52
User taxes and allocations of United States airport and airway system costs, by Paul F. Dienemann and Armando M. Lago 26
Civil Aeronautics Board 257
Coelho, J. D., joint author: Some comments on urban travel demand analysis, model calibration and the economic evaluation of transport plans 267
Commerical vehicle taxation—E.E.C. proposals 181

Commuter travel time savings, The value of, by David A. Hensher 167
"Comprehensive transport planning", by G. R. Wells. Book note 288
Computing passenger miles in London Transport, by D. A. Baggaley 87
"Consumer demand for cars in the U.S.A.", by R. P. Smith. Book note 287
Container ships, Economics of multi-port itineraries for, by S. Gilman and G. F. Williams 137
Cost-benefit studies, Date of discounting in, by P. R. G. Layard and A. A. Walters 263
Costs
Channel Tunnel 103, 111
Container ships—multi-port itineraries 140
Estimated road "wear and tear" costs of commercial vehicles 183
Liner freight rates 53
United States airport and airway system 26
Vehicles in Malaysia 202, 213

Date of discounting in cost-benefit studies, by P. R. G. Layard and A. A. Walters 263
Davies, Gordon W.: Effect of a subway on the spatial distribution of population 126
Day tripping, long distance, in Great Britain, by S. L. Edwards and S. J. Dennis 237
Deaths from road accidents in the United States. An econometric analysis, by Rajindar K. Koshal 219
Demand
"Consumer demand for cars in the U.S.A", by R. P. Smith. Book note 287
Demand for urban bus transit. A route-by-route analysis, by Roger W. Schmenner 68
Price elasticity of demand for air travel. Some new evidence, by J. M. Jung and E. T. Fujii 257
Some comments on urban travel demand analysis, model calibration and the economic evaluation of transport plans, by A. F. Champernowne and others 267
Dennis, S. J., joint author: Long distance day tripping in Great Britain 237
Developing countries, Valuing time savings in, by J.D.G.F. Howe 113
Dewees, D. N.: Urban express bus and railroad performance. Some Toronto simulations 16
Dienemann, Paul F., and Lago, Armando M.: User taxes and allocations of United States airport and airway system costs 26
"Disaggregate travel demand model", by M. G. Richards and M. E. Ben-Akiva. Book note 196

Economic appraisal of land-use plans, by Henry Neuburger and Joan Wilcox 227
"Economics of leisure and recreation", by R. W. Vickerman. Book note 288
Economics of multi-port itineraries for large container ships, by S. Gilman and G. F. Williams 137
Edwards, S. L., and Dennis, S. J.: Long distance day tripping in Great Britain 237
Effect of a subway on the spatial distribution of population, by Gordon W. Davies 126
Effect of the bus grant on urban transport. A comment, by J. B. Naylor 90
Effort—value of travel time 6
European Economic Community—Infrastructure pricing and the E.E.C. common transport policy. The case of roads and commercial vehicles, by A. Jennings 177
Express bus and railroad performance—Toronto 16

Fosbrooke, J. E. M. (reviewer): "Recreational economics and analysis", edited by G. A. C. Searle 94
Freight
Goods vehicles: replacement 158
Infrastructure pricing and the E.E.C. common transport policy. . . . roads and commercial vehicles, by A. Jennings 177
Structure of liner freight rates, by D. Shneerson 52

Freight—*contd.*
Time savings on goods movements in developing countries 118
Friedmann, John, and Wulff, Robert: "The urban transition: comparative studies of newly industrialising societies." Book note 288
Fujii, E. T., joint author: The price elasticity of demand for air travel. Some new evidence 257

Galvanic skin response as measure of effort in travel 9
Gilman, S., and Williams, G. F.: The economics of multi-port itineraries for large container ships 137
Glaister, Stephen: Peak load pricing and the Channel Tunnel. A case study 99
Goods—*see* Freight
Goodwin, P. B.: Human effort and the value of travel time 3
Great Britain, Long distance day tripping in, by S. L. Edwards and S. J. Dennis 237
Great Britain—ports for container ships 137

Hartford, Conn., U.S.A.—Demand for urban bus transit 68
Heart rate as measure of effort in travel 8
Hensher, David A.: The value of commuter travel time savings. Empirical estimation using an alternative valuation model 167
Hibbs, John: "The bus and coach industry: its economics and organisation." Book note 288
Hovell, P. J., and others: "The management of urban public transport—a marketing perspective". Book note 287
Howe, J. D. G. F.: Valuing time savings in developing countries 113
Human effort and the value of travel time, by P. B. Goodwin 3

Income distribution—highway project in Malaysia 206
Infrastructure pricing and the E.E.C. common transport policy. . . . roads and commercial vehicles, by A. Jennings 177
International lending agencies 122
"Introduction to transport planning", by Michael J. Bruton. Book note 196
Irvin, G. W.: "Roads and redistribution. Social costs and benefits of labour intensive road construction in Iran". Book note 287

Jennings, A.: Infrastructure pricing and the E.E.C. common transport policy. The case of roads and commercial vehicles 177
Journal of Transport Economics and Policy

Subscriptions, etc 96, 286
Jung, J. M., and Fujii, E. T.: The price elasticity of demand for air travel. Some new evidence 257

Kenya—income of road users 115
Kerridge, M. S. P.: Effect of the bus grant on urban transport. A comment, by J. B. Naylor 90
Kilgour, J. G.: "The U.S. merchant marine—national maritime policy and industrial relations". Book note 288
Kirby, Ronald F., and others: "Paratransit: neglected options for urban mobility." Book note 287
Koshal, Rajindar K.: Deaths from road accidents in the United States. An econometric analysis 219

Lago, Armando M., joint author: User taxes and allocations of United States airport and airway system costs 26
Land use—Economic appraisal of land-use plans, by Henry Neuburger and Joan Wilcox 227
Layard, P. R. G., and Walters, A. A.: The date of discounting in cost-benefit studies 263
Liner freight rates, Structure of, by D. Shneerson 52
Little-Mirrlees appraisal of a highway project in Malaysia, by Sudhir Anand 199
London Transport, Computing passenger miles in, by D. A. Baggaley 87

Long-distance day tripping in Great Britain, by S. L. Edwards and S. J. Dennis 237

Malawi—Time savings on goods movements 119
Malaysia, The Little-Mirrlees appraisal of a highway project in, by Sudhir Anand 199
"Management of urban public transport—a marketing perspective", by P. J. Hovell and others. Book note 287
Multi-port itineraries for large container ships, Economics of, by S. Gilman and G. F. Williams 137
Munby, Denys 196

Nash, C. A.: The replacement of road transport vehicles 150
Naylor, J. B.: Effect of the bus grant on urban transport. A comment 90
Neuburger, Henry, and Wilcox, Joan: The economic appraisal of land-use plans 227
New Haven, Conn., U.S.A.—Demand for urban bus transit, by R. W. Schmenner 68

Obsolescence—Replacement of road transport vehicles, by C. A. Nash 150
One-man operation of buses 90

"Para-transit: neglected options for urban mobility", by Ronald F. Kirby and others. Book note 287
Peak load pricing and the Channel Tunnel. A case study, by Stephen Glaister 99
Petrol price increases—effect on day trips 249, 251
Planning
"Comprehensive transport planning", by G. R. Wells. Book note 288
Economic appraisal of land-use plans, by Henry Neuburger and Joan Wilcox 227
"Introduction to transport planning", by Michael J. Bruton. Book note 196
Some comments on urban travel demand analysis, model calibration and the economic evaluation of transport plans, by A. F. Champernowne and others 267
Population, Effect of a subway on the spatial distribution of, by Gordon W. Davies 126
Ports—*see* Shipping
Price elasticity of demand for air travel. Some new evidence, by J. M. Jung and E. T. Fujii 257
Productivity—"Transportation productivity", by Raymond C. Scheppach, Jr., and L. C. Wochlicke. Book note 287

Railways
Effect of a subway on the spatial distribution of population, by Gordon W. Davies 126
Urban express bus and railroad performance, by D. N. Dewees 16
Recreation
"Economics of leisure and recreation", by R. W. Vickerman. Book note 288
